Who we are?

Maverick By Design, Inc. was founded in 2007 to provide a wide range of technology-based innovations catering to the events industry. We are the secret supplier to event stylists, event organizers, interior designers, architects, and the like.

We CREATE, CUSTOMIZE, and INNOVATE for you.

First, we got popular with Electro-Luminescence (EL) products. Then, we introduced LED products to the market like LED furniture. Thinking beyond LEDs, we started to offer other products like inflatables, acrylic, and other market-leading items that only Maverick can deliver.

Why LED Furniture?

LED Furniture sets the mood and the ambiance. Most LED Furniture runs on rechargeable batteries. With our remote control, you have more than 16 colors to choose from because it comes in all shades and brightness.

- Can take 300 pounds of weight
- Made of Hard PE plastic. It is weatherproof.
- Batteries used are Lithium Batteries. Depending on colors, animation & brightness, it normally last 6 to 10 hours

MAVERICK
BY DESIGN

A still life photograph of a dining table. In the center, a clear glass water carafe with a blue horizontal stripe pattern contains water and several slices of yellow lemons. To its left, a blue and white striped glass vase holds a bouquet of pink tulips and white baby's breath flowers. To the right, a three-tiered silver serving stand holds various pastries: chocolate brownies on the top tier, golden-brown breads on the middle tier, and more pastries on the bottom tier. In the foreground, a white bowl contains orange slices, and another white bowl contains dark grapes. The background is softly blurred, showing a warm, indoor setting with a lamp and other people.
